Professional Summary

Strategy and transformation leader with 8 years across life insurance, retail, and financial services in Vietnam. Specialist in enterprise transformation, Target Operating Model design, and portfolio governance — leading multi-disciplinary teams and converting executive ambition into measurable business outcomes. PROSCI-certified change practitioner; Executive MBA candidate at the University of Hawai'i at Mānoa (AACSB-accredited).

Professional Experience

Prudential Vietnam — Ho Chi Minh City, Vietnam

Senior Manager, Operations & Technology Strategy & Transformation

March 2024 – Present

Strategic Planning & Portfolio Oversight

- Lead a multi-disciplinary team of 9 driving a USD 10M annual transformation roadmap aligned with Executive Committee (ExCo) priorities and enterprise-wide strategic objectives.
- Govern a comprehensive transformation portfolio across business units, ensuring rigorous delivery against milestones and sustaining execution accountability through structured governance rhythms.
- Orchestrate end-to-end change management and communication strategies, ensuring organisational buy-in for large-scale transformation efforts.
- Architect Target Operating Model (TOM) design and roadmap structuring for major strategic shifts, converting abstract goals into measurable, executable action plans.

Financial Stewardship & Operational Excellence

- Oversee USD 50M BAU and investment budget governance, realising USD 10M+ in cost savings through a structured optimisation programme — eliminating non-value-adding activities, renegotiating vendor contracts, and redesigning operating models.
- Deploy Celonis process mining to map end-to-end processes, surface inefficiencies, and generate data-driven insights that underpin operational improvement and strategic decisions.
- Synthesise cross-functional performance data into executive-ready insights, directly informing C-suite decisions on resource allocation and strategic priorities.

Prudential Vietnam — Ho Chi Minh City, Vietnam

Manager, Corporate Strategy

October 2021 – March 2024

- Owned the enterprise strategic planning cycle — translated company ambition into annual plans, functional priorities, and KPIs aligned with ExCo direction.
- Conducted competitive analysis and market intelligence to drive strategic positioning, opportunity sizing, and investment prioritisation across business units.
- Built board-level strategy presentations and reporting, synthesising cross-functional data into clear narratives for senior leadership decision-making.
- Established governance rhythms — strategy reviews, performance tracking, risk and dependency reporting — to sustain accountability from planning through execution.

AIA Vietnam — Ho Chi Minh City, Vietnam

Supervisor, Business Strategy

September 2020 – September 2021

- Consolidated strategic inputs across all business units into a unified company performance plan and KPI framework adopted for senior leadership review.
- Delivered monthly strategy and performance reporting to C-suite, directly informing resource allocation and initiative prioritisation decisions.

- Identified performance gaps through business metrics analysis and surfaced corrective recommendations adopted by leadership.

PNJ Group — Ho Chi Minh City, Vietnam
Management Trainee & Assistant to Chief Strategy Officer
 July 2018 – September 2020

- Worked directly with the Chief Strategy Officer on business planning, competitive analysis, and strategic initiative tracking at one of Vietnam's leading retail groups.
- Supported preparation of strategy documents, executive presentations, and market research for senior leadership and board-level discussions.
- Rotated across Strategy, Sales, and Marketing — building cross-functional business acumen and stakeholder management skills.
